## Isolation Activities for Year 2

This is a list of suggested activities that can be completed if your child is unable to attend school but well enough to learn at home. There is an English, Maths and Topic activity for each day. These are from the Oak National Academy and each have a small video clip with a teacher giving instructions and explaining a task for the children to do during the video. Don't forget to continue reading at home regularly, both reading to an adult and enjoying books together.
